**mandala**  
restaurant & bar

*"The cooking and the execution of the dishes is very good - lots of sparkling fresh flavours, good dashes of salt and sweet when needed, quality ingredients and a nice blend of traditional cooking and clever modern skills. Mandala is an original and interesting restaurant with vibrant flavours and surprising but successful combinations."*  
Micheal Harden, Melbourne Weekly

*"It has a taste that is different to other styles of food. The dishes are refreshing with crisp vegetables and fresh herbs."*
